Subject: Letter for escalation - Utah Mining permits - Chemical Lime
>----------|

Shawn - As per our phone conversataion, please find attached a copy of the letter (which is outdated as we have had changes in our staff). A quick update:

1. Permits - M0450028 Grantville Quarry & M0450024 Marblehead Processing
2. The escalation is past due for the reclamation bond (Grantsville Quarry)(see attached).
3. Annual Permit fees are up to date on both sites (due Beginning of July).
4. Both Permits need to use form MR-REV to update the name changes or any other changes http://www.ogm.utah.gov/minerals/MINERALSFORMS.htm

Please call if you have any question. 801-538-5257 thx-lah
