Re: Reclamation Configuration on Pond #5, Hiawatha Coal Company, Hiawatha Mine, ACT/007/011-98C, File #3, Carbon, County, Utah.

Dear Mr. Finley:

The referenced amendment is hereby approved effective September 2, 1998. The amendment is approved to allow reclamation on the top of the pile during the 1998 season. The applicant needs to submit adequate copies to be incorporated into the plan. **The information submitted is also part of the Division Order 97A submittal. The maps should be re-placed into that submittal. The approval of this amendment does not include review of any issues associated with the reclamation plan under D.O. 97A and approval is only for the portion of the pond that is approved to drain over the steeper slopes.** Enclosed is a stamped approved incorporated copy for insertion into your Mining and Reclamation Plan.

If you have any questions or comments please call.

Sincerely,

Joseph C. Helfrich
Permit Supervisor
