To: "Strand, Howard" <hstrand@osmre.gov>

Howard, Here is the email string that I was referring to earlier. As you can see, I replied to Mr. Sacco. I'm not sure that there is anything further that needs to be done. We haven't received anything further. Thanks. Daron

Thanks Daron. If it helps, I will certainly help out.

Hi Rex,

The letter you received was a general request for input into the Utah Coal Regulatory Program and its involvement with your agency. Each year we are evaluated by OSMRE and they are looking for feedback and suggestions as to things we can do better or ways we can improve our interagency relations. The best source of information is probably our Website at <http://linux3.ogm.utah.gov/WebStuff/wwwroot/coal/annual.html> This link should take you to the annual evaluation reports that are produced by OSM each year. They identify the types of things that are evaluated each year and how OSM looks at our program. You may want to look at the last couple of reports and then reply to OSM if you have any suggestions. Thanks for your input. Daron

Daron,

I recieved your letter dated February 26, requesting our comments on this program. I will need to be more familiarized with this. If you could send me some info I will indeed give comments to OSMRE. I would be open to any needs that DOGM sees that might need to be stated.

below is my contact info. In the future emailing me your correspondance would be suitable for me.

Thanks,
