Hi Mark,

Do you prefer a response to this letter or a meeting first? I am more than willing to set up a meeting and discuss this with the group I would like you to hear our side of the story as well as understand yours better.

Next week is pretty packed, but we have time the next Tuesday August 8 at 10 am or Wednesday August 9 in the afternoon, Thursday August 10 in the morning or any time Friday August 11.

Thanks,
Dana

Thanks,
Dana

Dana,

Attached please find a letter from the Utah Mining Association requesting a meeting regarding the recent notice of the changes to the Technical Directive 007.

Regards,

Mark
