Memo to Coal File:

RE: Deer Creek Mine
ACT/015/018A
Wilberg Mine
ACT/015/018
Des-Bee-Dove Mine
ACT/015/017
Utah Power & Light

The above-noted mines were visited on September 17, 1980, for purposes of a wildlife consultation. The following persons were in attendance:

Chris Shingleton	Utah Power & Light
Larry Guyman	Utah Power & Light
Clark Johnson	U. S. Fish & Wildlife Service
Larry Dalton	Division of Wildlife Resources
Mary Ann Wright	Division of Oil, Gas & Mining

At Deer Creek Mine, passage of the deer under the conveyor in this critical deer winter range area for Herd Unit 34 was discussed. Provisions for crossings were suggested to UP&L as part of a wildlife plan.

The Cottonwood Portal site was viewed for plans to place a fan portal at the site as an amendment to the Wilberg Plan.
