Hi,

With all the structural/organizational changes that have occurred at DWQ in the last 6-9 months, Jeff Studenka sent me the updated contact information and mine site breakdown at DWQ should questions arise on a mine site's UPDES permit, SWPPP etc. (see email below).

Hello Steve,

Carl Adams is now the UPDES permit facilitator and DWQ contact for the following coal facilities (UPDES General Permit). Also, Carl is now the Industrial Stormwater Coordinator for all UPDES permits, including all coal mines. I thought these tables would help differentiate, so please share this information with your group so they know whom to contact going forward.

Current Facilities covered under UPDES General Permit for Coal Mining Operations (UTG040000)			
Permit #	Facility	Owner	DWQ Contact
UTG040029	Tower Mine Facility	Utah Land Resources, Inc.	Carl Adams, 801-536-4330

I trust this will help assist DOGM when coordinating with DWQ regarding permitted coal facilities in Utah. I will be helping Carl with the transition of the UPDES General Permit for Coal Mining Operations and will continue to be your contact for the Individual UPDES Permits listed above in the second table. Let us know if you have any questions. Thanks and best regards...Jeff
