Gentleman:

Enclosed are the monthly discharge reports for the Deer Creek, Des-Bee-Dove, Trail Mountain, and Wilberg mines and the Hunter Coal Preparation and Blending Facility for the month of June, 2001.

There were no reported exceedances to permit limitation values this month. Mine discharges in Trail Mountain Mine (UT-0023728-002) and Cottonwood/Wilberg Mine (UT-0022896-001) have been eliminated and portals sealed. PacifiCorp is currently working with the Division to discharge intercepted groundwater from the Cottonwood/Wilberg Mine into Cottonwood Creek Canyon. As to this date, the proposed permit for the discharge point in Cottonwood Canyon (TMA Access) is going through the public comment process. The public notice was published June 19, 2001 in the Emery County Progress.

If you have any questions concerning this report, please feel free to call Dennis Oakley at 687-4825 or Chuck Semborski at 687-4720.

Sincerely,

Carl Pollastro
Technical Services Manager
