

# United States Department of the Interior

OFFICE OF SURFACE MINING  
Reclamation and Enforcement  
Western Region Office  
P.O. Box 25065  
Lakewood, Colorado 80225

March 1, 2022

Greetings:

Each year the United States Department of the Interior, Office of Surface Mining Reclamation and Enforcement (OSMRE) and the Utah Division of Oil, Gas and Mining (DOGGM) jointly evaluate DOGM's coal regulatory and abandoned mine land (AML) reclamation programs, as authorized under the Surface Mining Control and Reclamation Act (SMCRA). We determine how effectively DOGM's coal regulatory program ensures contemporaneous and successful reclamation on active coal mines in Utah and prevents off-site impacts to lands and waters adjacent to coal mine permit areas. We also determine how effectively DOGM's Abandoned Mine Reclamation Program uses SMCRA grant funding to address public safety and environmental hazards related to historic mining operations in Utah. Our evaluation process includes the selection of specific coal regulatory and AML reclamation topics that address these criteria.

At the end of each evaluation year OSMRE reports on DOGM's implementation of these programs. Our Annual Evaluation Reports can be accessed at the following website: <https://www.odocs.osmre.gov>. The next evaluation year runs from July 1, 2022 through June 30, 2023.

We are requesting your comments on OSMRE's oversight of DOGM's coal regulatory and AML reclamation programs, recommendations for evaluation topics, and suggestions for improving future Annual Evaluation Reports. We are also providing you the opportunity to discuss ideas and concerns pertinent to the Utah programs with OSMRE's Western Region Office in Lakewood, Colorado.

Please contact us by March 30, 2022 with any input on our annual evaluation process or to request discussions with OSMRE's Western Region Office. If you prefer to receive this annual outreach letter by email, please let us know.

Sincerely,

Steve Christensen  
Coal Program Manager  
Utah Department of Natural Resources  
Utah Division of Oil, Gas and Mining
