Dear Mr. Klein:

Enclosed please find two copies each of the chemical analyses and sample locations of waste rock to be placed in Beaver Creek Coal Company's proposed waste rock disposal area at their Gordon Creek #2 Mine. This additional information was lacking in Beaver Creek's modification proposal submitted on January 3, 1983.

The Divison is continuing its review of this modification and will keep you informed of the status as we progress towards an approval.

Should you or your staff have questions or comments regarding this modification, please contact me or Steve Cox of my staff.
