State of Utah

Dear Brian:

Enclosed is a copy of the approval of underground mine plan for the Belina No. 1 mine for Valley Camp of Utah. We received the approval February 7, 1977.

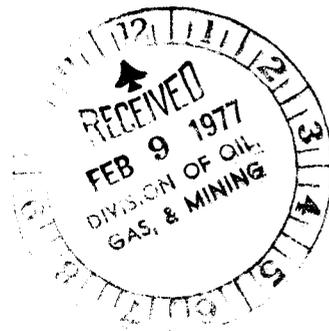

I talked to Gordon Harmston, Head of Department of Natural Resources, about sending us a letter that the Governor of Utah had been consulted prior to our giving final approval to the company. He said that he would.

I also told Gordon Harmston that we expect the Huntington Canyon No. 4 mine opening approved any day now. He promised to send us a letter that the Governor had been consulted on that property too.

Sincerely yours,

  
James J. Travis  
Deputy Area Mining Supervisor
