Re: Final Approval:
Convulsion Canyon Mine
Sevier County, Utah
ACT/041/002

Dear Mr. Mortensen:

This letter is to inform you that the Division grants final approval to the above mentioned mine under the Utah Mined Land Reclamation Act of 1975.

During the 30 day publishing period of the abbreviated notice on intent and reclamation plan, no adverse comments to that plan were received from the public by this Division; therefore, this mine may lawfully operate under Utah Law.

Since both the surface and mineral ownership for the property is held by the Federal Government, and Southern Utah Fuel Company will supply surety for reclamation to the Federal Government for this mine and attendant work, no surety will be required for the State. We do ask, however, that you supply this office with a copy of the bond which you have supplied to the Federal Government for the reclamation work.

If you have any questions on this approval, please contact this office.

Sincerely,

DIVISION OF OIL, GAS, AND MINING

Ronald W. Daniels
