RE: Valley Camp of Utah
Belina #1
ACT/007/001
Initial Inspection Report

Dear Larry,

Your initial report concerning the Belina #1 Mine states that copies of the mining application and appropriate maps were not available at or near the mine site. Mr. Trevor Whiteside, Mine Engineer, of Valley Camp informed me via a telephone conversation on Friday, November 3, 1978, that these items are available at the mine office adjacent to the Utah Number 2 Mine. This Division is of the opinion that the mine office is near both mines, and therefore it is appropriate to store the required maps, applications, and permits there.

If you disagree or have any questions please reply.

Sincerely,

K. MICHAEL THOMPSON
ENGINEERING GEOLOGIST
