Dear Lowell P. Braxton,

I did not recieve the letter of intent of boundary expansion for Hidden Splendor Resources Inc. Horizon Mine. This was sent to my son who doesn't own any property in this area.

I am opposed to this Expansion because ~~because~~

1. Loss of water Streams and Springs
2. Numerous surface cracks, holes, and Subsidance!
3. Fire in mines!
4. 1 horse died and numerous sheep, horses, and employees injured in holes cracks and surface damage!
5. Loss of a road with surface disturbance
6. I have Lived here for 57 years and have seen the ruination of all the surrounding property by Coal mines Old! and New

Sincerly

Pete Stamatelos
