Dear Mr. Smith:

This letter is a follow up to our telephone conversation of May 25th regarding the permanent permit request for Blazon #1 mine in Carbon County, Utah. North American Equities is hoping to have the mine in production as soon as possible which is somewhat contingent upon current negotiations between North American Equities and a third party.

We hope that all the necessary information requested to date, has been properly forwarded to your office. Any additional requirements will be promptly met and handled to expedite the completeness review.

Sincerely,

NORTH AMERICAN EQUITIES, N.V.
