DIVISION OF
OIL, GAS & MINING

Dear Ms. Wright:

We have been requested to coordinate and assemble the needed biological data for the coal mining plan to be submitted by Valley Camp of Utah, Inc.

As you are aware the Valley Camp Lease is on the east side of the Coastal States Lease south west of Scofield, Utah. Much of the biological data gleaned for the Coastal States EIS will be applicable to Valley Camp. Both companies have given their permission to exchange data.

May we meet with you and others you may invite early in January to discuss the level and content needed for Valley Camp?

Sincerely,

Vaughn E. Hansen, Ph.D., P.E.
