MEMORANDUM

TO: Ronald W. Daniels, Coordinator of Mined Land Development
FROM: K. Michael Thompson, Engineering Geologist
DATE: April 4, 1979
SUBJECT: Sediment Pond Design
Valley Camp of Utah
Utah #2 Mine

Tom and I have reviewed Vaughn Hansen's proposal and have concluded that the proposal is the best alternative. However, it is in violation of the 100 foot stream buffer provision. Do we need a Board variance or can the Division grant the variance? Attached is a draft of a letter to Richard White. If the variance can be granted by the Division it will be sent.

KMT/sp

Ret to Muhl
Coal ownership?
Field Exam?
Coal is from Belina mine, no coal presently is mined at ut. #2 facility, ~~the~~ site is used for loadout of Belina's coal-
