Dear ~~Mr.~~ Jack Otani:

Re: Blazon Mine #1 ACT 007-021 Carbon County, Utah

This letter documents the October 22, 1992, meeting between Lowell Braxton and Steve Tanner held on the mine site. It is being sent with the intent of continuing the discussions regarding use of the forfeited bond to implement the post-mining land use.

The status of the forfeited North American Equities reclamation bond was discussed. Lowell indicated that the forfeited amount was $38,000 and that this amount, plus accrued interest, constituted the funds available to the Division of Oil, Gas and Mining for reclamation of the Blazon site under the North American Equities Mining and Reclamation Plan.

The specifics of reclamation to be conducted with the forfeited bond was not discussed, beyond the overall objective of implementation of activities directed to achievement of the post mining land use approved in the mining and reclamation plan. The reclaimed portal bench was walked, with a discussion of the degree of success of this reclamation.

The provision for utilizing a small portion of the bond money for maintenance of ditches, water bars, additional capping of the water well, and clean up of debris resulting from vandalization of power poles was discussed. Both parties agreed to discuss this option further.
