ACT/OM/011

Attn: James W Smith, Jr.
Coordinator
Mineral Land Development

Dear Sir,

Here is my letter as promised. We are willing to put a portion of our deeded property up as security on the $12,500.00 reclamation bond that you have asked for. In 1972 we subdivided & sold 30-5 acre tracts at an average of $7,500.00 apiece. Todays prices they are re-selling at $12,500.00. We are doing this with the understanding that if we can sell the property we can get the land released & put up the cash bond instead.

At present we are doing testing, exploration & experiment work. During the course of this work we will be working on the reclamation of our part of it to make it look better. When we get a recovery method that is profitable & feasable we well submit a complete plan & flow sheet.

Enclosed is a copy of our 1983 tax bill. The property is free & clear of any debt. I hope this is an adequate letter. If not let us know.

Thank you.
