Dear Jim:

It has come to my attention that the review my staff performed on ARCO's Castle Valley Spur was based upon a mine and reclamation plan that did not adequately describe that "on the ground" situation. I understand that your staff has made a site inspection and that you are sending ARCO a deficiency letter regarding these descrepencies. I request that when ARCO responds to your deficiency letter OSM be sent a copy of the submittal. This will allow my staff to re-evaluate our review.

Sincerely,

Don
