NOTICE OF TENTATIVE DECISION TO APPROVE NO. M/001/019
BEFORE THE DIVISION OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES, STATE OF UTAH

IN THE MATTER OF TENTATIVE DECISION TO APPROVE THE MINING AND RECLAMATION PLAN FOR INDIAN QUEEN MARBLE LLC, BEAVER COUNTY, UTAH.

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION, MINERAL AND ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS INTERESTED IN SE1/4 OF SECTION 33, TOWNSHIP 26 SOUTH, RANGE 13 WEST, SLBM, BEAVER COUNTY, UTAH.

Notice is hereby given that the Division of Oil, Gas and Mining of its tentative decision to approve Indian Queen Marble, LLC's Mining and Reclamation Plan for the Indian Queen Mine. Revised mining activities will effect the following area: SE1/4 of Section 33; Township 26 South, Range 13 West, SLBM, Beaver County, Utah.

The operator will employ the following mining and reclamation techniques on approximately 14.43 acres of PRIVATE land.

During Operations: The mining will be performed using heavy equipment including dozer, front end loader, track drill, and dump trucks. Overburden and marble deposit will be drilled and blasted, then removed in benches as a terraced quarrying operation. Overburden and waste rock will be disposed of in the existing mine dumps. On-site processing will consist of primary and secondary crushing and screening operations. The processed marble is selectively stockpiled on site prior to truck or railroad delivery to market. Concurrent reclamation will consist of ongoing reclamation of the previous operator's mine disturbances which are no longer required for continued operations, or related to the operator's proposed mine expansion.

After Operations: Trash and incidental refuse will be hauled away and disposed of at an approved dump site. All facilities will be portable and removed at the end of the mining operations. All remaining stockpiled marble will be removed from the site. The quarry will be backfilled and recontoured with available waste material. The associated disturbed areas will be reseeded and topsoiled prior to seeding. The access road leading to the mine is a county road which will remain. No highwalls or benches will be left following final reclamation. No pits, berms or barricades will remain. The waste dump will be sloped to its natural contour and the existing ephemeral drainage to the south will remain unrestricted.

The person representing the company is Mr. Gary Applegate; (435) 882-2865. Indian Queen Marble, LLC is fulfilling obligations under the Utah Mined Land Reclamation Act of 1975, Utah Code Ann. ss 40-8-18.

Any person or agency aggrieved by this tentative decision to issue approval is hereby requested to submit written protest within thirty (30) days of the date of publication to Mary Ann Wright, Associate Director of Mining, Division of Oil, Gas and Mining, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake City, Utah 84114-5801, setting forth factual reasons for the complaint. If no responsive written protests are received by the Division within 30 days after the last date of publication, the tentative decision of the Division will be final.

DATED THIS 21st day of September, 1998.
