COMPANY OFFICIAL:	Dan Guy
STATE OFFICIAL:	Barton Kale
ENFORCEMENT ACTION:	None

Compliance with Permanent Performance Standards

UMC 771 et al Permits

The final approval for C.V. Spur is dated August 6, 1984

UMC 817.11 Signs and Markers

The entrance sign was posted as required with all pertinent information listed. Peremeter markers were noted along the boundries.

UMC 21-.25 Topsoil

There was no change in the topsoil stockpile at this time.

UMC 817.41-.57 Hydrologic Balance

The sediment pond system has been cleaned. Material was removed to the refuse storage site across the property.

Ditches and beams seems to be adequatly maintained and no problems were noted.

UMC 817.52 Hydrologic Balance Monitoring

The C.V. Spur NPDES permit (UT-0023949) was available upon request and has an expiration date of December 31, 1986. The recieving water is the Price River.

No water quality data problems were noted.

Pond certification was available and dated July 17, 1984 and signed by Dan Guy, Beaver Creek Coal Company staff engineer.

UMC 817.131 Temporary Cessation of Operations

A letter dated March 28, 1981 to the Division states that the Preparation Plant will be temporarily shut down until orders for clean coal improve. The site will continue to act as a loadout and refuse disposal site.
