CONSULTING GEOTECHNICAL AND MINING ENGINEERS

July 1, 1980

Mary Ann Wright
Reclamation Biologist
Division Oil, Gas and Mining
1588 West North Temple
Salt Lake City, Utah 84116

Dear Mary Ann,

Attached is the first draft of the recommended seeding mixture for Valley Camp. This mixture was suggested to our Seattle office by the Bureau of Land Management.

If you have the time, could you critic this mixture for us? I realize it's three pounds per acre lighter than the Skyline mix. Do you recommend adding species or adding pounds to bring it to twelve pounds per acre?

I'm planning on being in Salt Lake City on the 7th and 8th of July. I'll give you a call and we maybe can get together then.

Sincerely,

GOLDER ASSOCIATES

Nancy Robertson
