Inspection Memo
to Coal File:

RE: Valley Camp of Utah, Inc.
Belina Mines
ACT/007/001
Carbon County, Utah

On July 30, 1981, Mary Bosworth, Sue Linner, Joe Helfrich and Lynn Kunzler visited the Valley Camp of Utah Belina mines for a general tour of the facilities. Steve Tanner of Valley Camp accompanied us on the tour.

We discussed the topsoil pile and how Valley Camp intends to purchase topsoil from Skyline and the State Highway. We took a look at the undersized "mine water" discharge pond and the construction of a new pad, we also discussed slope stability problems and revegetation on the slopes.

LYNN M. KUNZLER *LMK*
