Re: Soil Survey
Sunnyside Junction

Dear James:

Enclosed is the soils survey for the area around Sunnyside Junction which includes Banning Loadout (BL). I have also included the conversion legend for soils within the Carbon County area. As we discussed during our meeting on May 6, 1987 and during the telephone conversation on June 1, 1987, we would like you to make recommendations to Soldier Creek Coal Company (SCCC) on the number and placement of sample sites.

Your help in this matter will allow SCCC to set their slope of work for soils permitting at BL. If you have any questions please contact me.

Sincerely,

SOLDIER CREEK COAL COMPANY

Christopher P. Allen
Mine Engineer
