RE: Sediment Pond Design
Stipulation 6-81-3 and
Approval to Mine
Belina No. 2 Mine
ACT/007/001
Carbon County, Utah

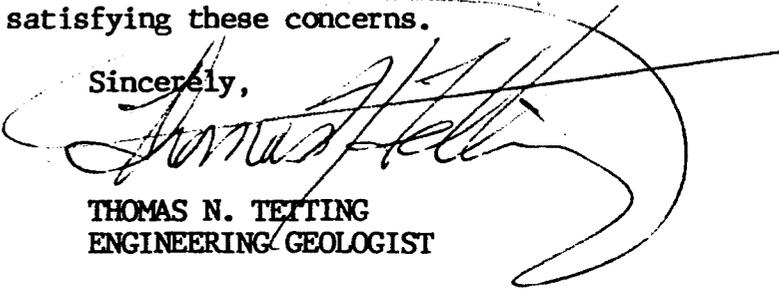

Dear Mr. Whiteside:

The Division would like to thank you for your recent addition to our files; the Sedimentation Pond Design Criteria and hydrologic information, pursuant to Stipulation 6-81-3 of the Belina No. 2 Mine approval letter dated June 10, 1981. This information will be assessed for technical adequacy upon scheduling of Valley Camp's Belina MRP technical analysis (TA).

It has been noted that of the original 10 stipulations, eight have been satisfied. The Division will be awaiting compliance with 6-81-4 and 6-81-9 to fulfill the final terms of conditional approval stated in the June 10, 1981, letter.

Thank you very much for your efforts in satisfying these concerns.

Sincerely,

THOMAS N. TETTING
ENGINEERING GEOLOGIST
