Re: Cyprus Plateau Mining Company - Willow Creek Mine, Permit Application Update Package

Dear Mr. Haddock:

As you are aware, we recently transmitted ten sets of the Willow Creek Mine Permit Application Package (PAP) for distribution to and review by other jurisdictional agencies. The recently transmitted permit sets incorporated all permit revisions to date including those associated with the Administrative Completeness response submittals (8/8/95, 8/18/95, and 9/12/95)and minor corrections resulting from preliminary UDOGM Technical Adequacy comments. In order to assure consistency between all of the active copies of the PAP, with this transmittal we are providing a complete set(s) of the latest revisions so that you can update your copy(s) of the Willow Creek Mine PAP.

To assist you in updating your copy(s) of the PAP we have organized the revisions by volume and have included placement instructions on the attached Summary of Revisions/Additions. Please feel free to contact me with any questions regarding this submittal.

Sincerely,

TerraMatrix, Inc. for Cyprus Plateau Mining Company
