RE: Limestone Lease ML 45609 – Papoose Quarry
Township 29.5 South, Range 24 East, SLB&M
Section 36: W½SW¼SE¼

Dear Mr. Williams:

Thank you for submitting your Notice of Intent dated December 22, 2011 to amend the mining plan for the Papoose Quarry (M/037/084) on the above numbered permit. Your plan of operation is acceptable to trust lands. It is determined that the new mining area has not been surveyed for cultural resources. Prior to any ground disturbance within the proposed additional mining areas, please submit a cultural survey performed by a licensed archaeologist. In addition, you must obtain such permit as may be required by the Division of Oil, Gas & Mining prior to commencing the proposed operations. Also, post such reclamation bond as may be required by that agency.

Please contact if you have any questions.

Sincerely,

Andy Bedingfield
Mineral Resource Specialist
