RE: Subsidence Survey Data Submittal, Western States Minerals, J. B. King Mine, INA/015/002, Folder #2, Emery County, Utah

The vertical movement data submitted September 28, 1987 and including measurements collected during September 1987 are in accord with commitments in the approved Mining and Reclamation Plan.

Measurements indicate maximum subsidence between April 1985 and June 1987 was less than 1.0 feet.
