RE: Extension of Date Compliance
NOV N82-1-9-2

Dear Trevor:

This letter is to confirm our telephone conversation of today during which you related to me the reason you thought an extension of the compliance date was warranted. Since neither the issuing inspector, Joe Helfrich, nor any other inspector is in today, I hereby authorize an additional 30 days (no later than September 20, 1982) for your company to achieve compliance under part 1 of 2 of the above referenced violation.

As you related to me verbally, this extension is granted to enable your company to find a market for the coal which is in the sediment pond presently.

As you also mentioned, space is at a premium within your permit area and as soon as the coal market improves, you will be enabled to sell the stockpiled coal.

Please call if you have any questions on this extension.

Sincerely,

Ron Daniels

RONALD W. DANIELS
