WESTERN STATES MINERALS CORPORATION

November 13, 1990

Mr. Joseph C. Helfrich
Assessment Officer
Utah Division of Oil, Gas and Mining
3 Triad Center, Suite 350
Salt Lake City, UT 84180-1203

Subject: Violation No. 90-20-5-1, J.B. King Mine, ACT/015/002

Dear Mr. Helfrich:

The above referenced violation was issued for not maintaining public liability insurance in full force during the liability period. Thus violation was issued incorrectly. Full liability insurance has been maintained for the site on a continuous basis. We have provided you with the most recent copy of the certificate of insurance showing that the policy was last renewed on 11-15-89 with coverage through 11-15-90. We are in the process of extending this coverage through the end of the year after which it will be renewed on an annual basis.

We have requested that our agent, Corroon and Black, send you a letter verifying the above stated facts. You will also find attached a copy of the certificate of liability insurance for your reference.

The original copy of the certificate of liability insurance was received by your office on October 17, 1990 which was within the 15 days required for a response to the violation notice. We believe that the violation should have been withdrawn at that time. We do not desire to have an assessment conference since the cost of travel or acquiring an agent would be more than the proposed fine. I would, however, be happy to discuss the matter with you over the phone.

At this time we would like to see the violation withdrawn, or at the very least, have the fine reduced to $0.00.

Sincerely,

Frank Filas
Environmental Engineer\
