Memorandum

To: Administrator, Western Technical Center,
Office of Surface Mining, Denver

From: Mining Supervisor

Subject: Extension to Mine Federal Coal Lease
U-020305, Valley Camp of Utah, Inc.

We have reviewed the mine plan provided by Valley Camp to the Department of Oil, Gas, and Mining (DOGM) (a copy was provided to us by DOGM) for an extension of operations to mine Federal coal on lease U-020305. We approved a minor modification of Valley Camp's mine plans for Belina No. 1 and No. 2 mines on October 26, 1982, which included minor changes in the projection of the mines through 1996. Accordingly, we have no objections to OSM or DOGM extending temporary approval to mine on Federal leases U-020305 and U-017354. We would also be in accord to a full approval of the mine plans to assure uninterrupted operations because of expiration of temporary approvals.

If you have any questions, please contact me or Allen Vance.
