Suite 250
Golden, CO 80401

Dear Mr. Titus:

This letter is a follow-up to our phone conversation of April 13, 1983. As we discussed, Envirosphere will no longer be participating with the review of the Valley Camp mine plan. It was our understanding that you would send OSM the proper invoices for labor expended on the project.

Attached is a list of items which, according to our records, is still being held by Envirosphere. All mine plan related materials should be returned to this office as soon as possible. In addition, we are awaiting receipt of Phase III work completed on the Technical Analysis as per our February 4, 1983 letter to you.

Thank you for your cooperation.

Sincerely,

Ms Sarah Bransom
