Dave Lof & Sandy Pruitt of DOGM also inspected site		

27 GOVERNMENT PROVIDED SERVICES ADEQUATELY AND TIMELY
☐ YES ☐ NO - Explain in narrative

28. NARRATIVE REPORT

Truck stopped truck (14 mile) from Canyon to check brakes while checking brakes truck started to roll off shoulder of Mill Fork Road into tractor and trailing trailer upright about 1/2 to 3/4 mile down the creek bed. Upon our arrival most of the coal had been removed. Several straw dams & a weir in creek to contain the coal fines and oil diesel fuel. H2O samples were taken at the accident site and at the confluence w/ Huntington Creek. Plans are to clean up the remaining coal, remove straw dams & weir after clean up, dress up & reseed bank & monitor H2O quality.

28. NARRATIVE REPORT

Driver stopped truck @ 14 mile down from Cordy to check brakes. While checking brakes the big truck off from the south shoulder of Mill Fork Road, into a creek tipping over on tractor and trailer trailer, tipping to side removing weight. About 1/2 of truck coal load dropped into the creek bed. Upon our arrival, the unloading and most of the coal had been removed from the creek bed. Several straw dams & a weir had been placed in the creek to contain the coal fines and the estimated 5-10 gals. of diesel fuel. H_2O samples were taken above and below the accident site and at the confluence and below the confluence w/ Huntington Creek. Plans are to dispose of remaining coal, remove straw dams & weir, clean up, fill & reseed bank, & monitor H2O quality.
