Memo to Coal File:

RE: Soldier Creek Coal Company
Hidden Valley Mine
PRO/015/022

The site of the proposed Hidden Valley Mine was visited by Tom Suchoski and Mike Thompson on August 2, 1979. Tom Paluso and Dave Spillman of the company walked the site with the Division personnel and explained the conceptual mine site layout.

The portals will be located in an ephemeral wash that feeds into Ivie Creek. Coal will be transported to the wash plant by covered conveyor. Surface facility design was discussed. Plans should be submitted this year.

K. MICHAEL THOMPSON
