Inspection Memo
to Coal File

RE: Natomas Trail Mountain Coal Company
Trail Mountain Mine
ACT/015/009
Emery County, Utah

The above mentioned operation was given a partial inspection on October 5, 1982, by Tom Munson, Everett Hooper, and Joe Helfrich, of the Division. The purpose of the trip was to update the Division on the progress of the culvert installation at the Trail Canyon operation. Mr. Childs was not available to accompany the Division staff and Mr. Bill Rice was not totally cognizant of the situation. However, Mr. Rice granted Division staff permission to inspect the area. As Mr. Childs wasnot available staff performed a cursory overview of the general area and indicated to Mr. Rice that they would contact Mr. Childs concerning the inspection.
