Memo to Coal File:

RE: Natomas Trail Mtn. Coal Co.
Trail Mountain Mine
ACT/015/009, Folder No. 2
Emery County, Utah

The attached compliance schedule letter for the above-referenced mine was returned to the Division by the Office of Surface Mining (OSM). The OSM would not accept the Division's proposal for a more reasonable and achievable permit application review and approval schedule of this federal mine for which OSM has assumed lead review responsibility. They instead forwarded their own letter and compliance schedule.

JAMES W. SMITH, JR.
COORDINATOR OF MINED
LAND DEVELOPMENT
