RE: Approval of Powerline
Relocation
ACT/015/009
Folder No. 3
Emery County, Utah

Dear Mr. Childs:

The Division has reviewed plans submitted by Natomas Coal Company on March 28, 1983, concerning the relocation of a portion of the powerline which supplies the Trail Mountain Mine.

A total of five power poles are to be relocated on the previously disturbed highwall access area. They will be designed to provide raptor protection. Drainage control on the area will not be impacted.

Natomas Coal Company is hereby granted approval for the relocation.

Sincerely,

Steven Cox
