Re: Division Order - DO-92A
Trail Mountain Mine
ACT/015/009; Folder ~~#1~~ #2
Emery County, Utah

Dear Ms. Littig:

Enclosed are 3 copies of the Mountain Coal Company response to the above referenced Division Order.

In reference to Part I of the Order, please note that the enclosed figures and text reflect the corrected surface disturbed area and discuss the B.T.C.A. Areas. This submittal is also intended to address the concerns for the B.T.C.A. Amendment in your letter of 10/8/92. Upon re-evaluation of the disturbed area for the site, it was determined that the total acreage should be 9.85 acres instead of the 9.45 acres previously shown. This is due to an additional 0.16 acres which drains into the portal (Appendix 3-7) and the 2-"BTCA" areas which total 0.24 acres and do not drain to the pond (p.3-6b & 7-52a). Text and map revisions have been made as necessary. Supplementary perimeter markers have also been installed at the site in accordance with Item 3 of Part I.

All maps and pages are numbered, and should replace corresponding numbers in the plan. If you have any questions, or need any further information, please let me know.

Respectfully,

Dan W. Guy
