Re: N.P.D.E.S. Discharge Permit
No. UT-0022985
May, 1984

Dear Mr. Frenette:

Please find enclosed one (1) copy each of the "Discharge Monitoring Reports" for point sources 004A and 005A, for May, 1984.

As you will notice, TSS, Iron and TDS limits were exceeded at various times. Presumably all were related to the extraordinarily wet winter.

No discharge occurred from any other permitted source.

Please contact me if you have questions regarding the enclosed.

Sincerely.

T. G. Whiteside
Chief Engineer
