Memorandum

To: District Manager, Moab

Attn: Mr. James Travis

From: Chief, Mining Law and Solid Minerals, BLM
State Office, Salt Lake City, Utah

Subject: Valley Camp of Utah, Inc., Belina No. 1 and 2 Mines
Mine Plan

ACT/007/001
#2 #4

The subject coal mine plan was approved by the Assistant Secretary for Energy and Minerals on May 29, 1984. The OSM permit number UT-0013 became effective on August 3, 1984. The permit, ACT/007/001, folder No. 2 and 4, issued by the Utah Division of Oil, Gas and Mining (DOG M) became effective September 10, 1984.

On October 4, 1984, Allen Vance from BLM, Price River Resource Area (PRRA) checked the Resource Recovery and Protection Plan (R₂P₂) from their office against a subject plan on file in the BLM State Office and one on file at DOGM. Mr. Vance received from BLM State Office a complete copy of the subject mine plan, on file in this office, which is to be delivered to the BLM, PRRA Office in Price, Utah. The R₂P₂ part of this plan is compatible with the R₂P₂ part of the approved plan. The following is a list of documents given to Mr. Vance:

Four Volumes, Nos. I, II, III, IV dated March 4, 1981, and titled, "Permanent Regulatory Program Subchapter G, Part 784 Underground Mining Permit Application - Minimum Requirements for Reclamation and Operating Plan" (amended).

One Volume, No. V, Apparent Completeness Review, May 18, 1982, Comments Belina Nos. 1 and 2 and Utah No. 2 (amended).

One Volume, No. V attachment titled, "Hydrologic Inventory and Baseline Study of the Valley Camp Lease Area, Carbon and Emery Counties, Utah, January 1980."

One Volume, No. VI - Technical Deficiency Review (Received October 4, 1983).

One Volume - Geology and Coal Reserve Study of the Belina No. 1 and 2 mines, Valley Camp of Utah, October 1982, by Gates Engineering.

One Volume - Correspondence file for subject mine plan.
