Memo to Coal File:

RE: Emery Deep Mine
ACT/015/015
Folder No. 2
Emery County, Utah

On Wednesday, May 11, 1983, Reclamation Biologist Lynn Kunzler accompanied John Rice, Debbie Richardson and Connie Kimball (consultants doing the MRP review) on a tour of the surface facilities at Consol's Emery Deep Mine. The tour was led by Mr. Ron Thompson of Consol. The purpose of this tour was to familiarize the consultants with the mine site preparatory to completing the ACR review. Particular attention was given to surface water and ground water control and quality, agricultural uses, reclamation, approved modifications and subsidence control.
