Mr. Richard Denning
Permit Coordinator
Consolidation Coal Company
12755 Olive Boulevard
St. Louis, MO 63141

Dear Mr. Denning:

Re: Conditional Approval, Amendment, Mining Under an Alluvial Valley Floor (AVF), Consolidation Coal Company, Emery Deep Mine, ACT/015/015, Folder #3, Emery County, Utah

The Division has completed reevaluation of your company's submittal of June 15, 1988 as requested in your letter of October 29, 1989. The plans were reviewed by David Darby of the Division's technical staff. Resolution of the conditions as outlined in the attached technical review memo must be accomplished before final approval can be given.

Please bare in mind that this approval is for development mining beneath the AVF area near Quitchupah Creek only and no pillars may be pulled in this area. Conditions 1-3 must be completed and a commitment to follow condition 4 must be received prior to conducting any mining in this area.

Please submit the required information in a format suitable for insertion to the MRP.

If you have any questions please contact Lynn Kunzler, Reclamation Biologist, or myself.

Sincerely,

Daron R. Haddock

Daron R. Haddock
Permit Supervisor
