Dear Mr. Webster:

Re: Information Clarification for Probable Hydrologic Consequences (PHC) Submittal (Division Order), PacifiCorp Electric Operations, Deer Creek Mine, ACT/015/018, Folder #2, Emery County, Utah

Enclosed please find a memo outlining information that must be included in the updated PHC Determination. This PHC update was requested through a Division Order issued December 24, 1990, and an extension granted until April 30, 1991.

The Division is looking forward to the PHC response and requests that an interagency meeting be arranged on the due date, April 30, 1991. This presentation would include conclusions from the updated PHC information, as well as, a comprehensive review of the Deer Creek Mine discharge.

Please let me know about the arrangements as soon as possible. Thank you.

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor
