Re: Mid Permit Term Review
Belina Complex ACT/007/001

Dear Mr. Braxton:

On October 14, 1986, I received into my office, the above subject review notice. In that communication, a response submittal deadline of December 15, 1986 was given to the operator.

In consideration of the amount of work involved in revising and updating the text of the original Mining and Reclamation Plan, and the delay encountered with responding to condition No. 9 of the permit conditions, I respectfully request an extension of time for responding to the Division's October 6, 1986 letter, until January 31, 1987.

Thank you in advance for your consideration in this matter.

Sincerely,

T. G. Whiteside
