Dear Dr. Nielson:

The Office of Surface Mining Reclamation and Enforcement (OSMRE), Western Field Operations (WFO), has received the November 20, 1986, Valley Camp of Utah, Inc.'s submittal of an amendment to the approved mine reclamation plan of Utah permit No. ACT/007/001 for the Belina mine. This amendment is to allow for the construction of a wash bay and substation retaining wall as located on the September 1986, drawing No. B4-0038. OSMRE reviewed this submittal and has determined that it does not constitute a modification to the approved mining plan under 30 CFR 746.18. Based on the review of the submittal, OSMRE concurs with the Division of Oil, Gas and Mining's (DOGMS) decision to approve the submittal as indicated in DOGM's letter dated December 9, 1986, and the Federal permit UT-013, dated August 3, 1984, is revised accordingly.

If you have any questions, please contact Vernon Maldonado or Richard Holbrook at (303) 844-2451.

Sincerely,

Mel Shilling
