RE: Utah Power & Light Co.
Wilberg Mine
ACT/015/018B
Emery County, Utah

Dear Mr. Smith:

You received comments concerning the impoundments associated with the above mentioned mine in 1982. The most recent review received in this office June 2, 1983 does not alter those structures, and therefore, my previous approval is still binding. We are, however, of the opinion that the water consumed in the mining operation is not covered by sufficient water filings and would urge that Utah Power & Light Company make efforts to remedy this situation.

If you should have any questions or comments, please feel free to contact me or Bob Morgan.

Sincerely,

Dee C. Hansen
