Dear Mr. Whiteside:

Re: Mid-Term Permit Review, Belina Complex, ACT/007/001, Folder No. 2, Carbon County, Utah

The Division has received your letter of December 5, 1986, requesting an extension to respond to the Division's Mid-Permit Term Review (MPTR) letter. While the Division feels some additional time for response can be extended, the MPTR must be finalized and approved by February 24, 1987. Therefore it is requested that as much of the information as possible be submitted by January 15, 1987. If responses to stipulations are not able to be completed, they may be carried beyond the MPTR, but the mine plan must be brought up to date before February 24.

Thank you for your cooperation. Feel free to contact me or Susan Linner if you have questions.

Sincerely,

*L. P. Braxton*
