RE: Subsidence Reclamation, PacifiCorp, Cottonwood Mine, ACT/015/019-99A, Folder #2, Emery County, Utah

The purpose of this memorandum is to reduce to writing actions I have taken on the subject permit amendment. Here is my summary:

(1) I had a meeting with Mr. Reed, USFS. I provided him a copy of a USFS ranger report. The ranger, on his field evaluation, was accompanied by Mr. Semborski. They evaluated the subsidence and PacifiCorp's follow-up action. Furthermore, I provided him a copy of PacifiCorp's proposed changes to the MRP.

(2) I have been informed that Mr. Reed made some minor language changes to the MRP.

(3) These proposed changes were discussed by you with PacifiCorp officials.

(4) PacifiCorp officials agreed to submit unshaded changes to the MRP as suggested by Mr. Reed.

While I have no personal knowledge on this case matter, the record is clear. PacifiCorp has performed the necessary rehabilitation work. It has met with the concurrence of the USFS, the land management agency.

RECOMMENDATION

In light of the foregoing information, recommend the amendment be approved.
