Dear Mr. Braxton:

Valley Camp committed to have revised pond and road maps and certifications to the Division by April. The contractor preparing the maps for Valley Camp has been slower than anticipated. We have received a map of the office/loadout area, but the maps for the mine area and road have not yet been completed. The contractor has promised to have the maps completed by the end of April. We therefore respectfully request an extension of time allowed for the submission of the required maps and certifications considering the time it will take Valley Camp to revise the map to meet the Divisions requirements.

If there are any questions, please call.

Very truly yours,

*Barry Barnum*
