Dear Denise,
The Division has reconsidered your request for an extension of time to complete the abatement of NOV 21167. As per your request the Division hereby grants the extension until April 22, 2016 to submit the required plans and until May 14, 2016 for installation in accordance with the approved plans. The Division wants to make sure that your noncompliant status is rectified as quickly as possible. Please make every effort to ensure that the necessary installation gets completed as soon as possible. If you have any questions, please call me at (801) 538-5325.
Sincerely
Daron R. Haddock

> On behalf of Alton Coal Development, LLC, (ACD) and pursuant to R645-400-324, we ask you to reconsider ACD's request for an extension of time to abate NOV 21167. As set forth in the e-mail exchange below, ACD needs untils April 22, 2016 to submit the requested plans and until May 14, 2016 for installation in accordance with the approved plans. The inspector has failed to grant ACD a reasonable amount of time to abate this violation. Please reconsider this matter and grant the full time needed to abate the violation. Thanks for your consideration.

Hello Kirk,

Please see the attached NOV 21167 modification. I have alloted until April 15, 2016 to provide plans. I have not extended the time for abatement. Implementation of the plans is still expected by April 30, 2016.

Daron,

With additional items brought to our attention during Pricilla's inspection yesterday (4/7/2016) for NOV 21167 ACD hereby request additional time to address the Actions Required to be compliant. ACD request that the time allowed to submit the requested plans be extended from April 8, 2016 to April 22, 2016. Also, that the time for installation of the approved plans be extended from April 30, 2016 to May 14, 2016. Your assistance in this matter is greatly appreciated.

Thank You
